

# Bruest LD-CNG Letdown

Application Questionnaire

www.crwall.com

1.877.427.9255 | customerservice@crwall.com

### Voltage

12VDC

120V

208V

240V

480V

Other

If Other, Please Enter The Voltage

### Select Phase

Single Phase

Three Phase Delta

Three Phase WYE

### Please Specify Amperage Limitation

### Application Types

Fuel Gas Heating

Town Border / Gate Station Heating

Space Heating

Instrument / Instrument Gas Heating

Pilot Regulator Gas Heater

Custom

If Custom, Please Describe Your Application

### Inlet Gas PSIG

### Max Allowable Operating Pressure (MAOP)

### Inlet Gas Temperature (°F)

### PSIG Downstream Of Regulation

### Required Temp Downstream Of Regulation

### Specific Gravity (Specific Gravity Of Air = 1.0)

### Flow Rate Maximum (SCFH)

### Flow Rate Minimum (SCFH)

**Site Elevation (FT.)**

**Please Specify (Automated Units Require A Minimum Of 120V Commerical Power)**

Automated

Manual

**Additional Comments**
