2023 Product Guide

# Peterson Equipment Co. Inc. - The Pete's Plug® Legacy

In 1965, Charles "Pete" D. Peterson, Jr. invented a device to help utility people quickly take pressure readings. With the support of his wife, Bonnie, and children, he decided to become an entrepreneur to fulfill a need in the natural gas and HVAC industry. Pete started designing and manufacturing the plugs in his garage and ran the business from a small table in his master bedroom. The business quickly grew and in 1969 Pete formed his own company, Peterson Equipment Co., Inc. to design, develop, and produce pressure and temperature test plugs.

Pete's inventions include the most popular pressure and temperature reading plugs used today with a ¼" NPT brass housing. This Pete's Plug® allows for the use of a 1/8" diameter pressure needle to be used without becoming bent or clogged like other standard needles. Importantly, the Pete's Plug® also has two self closing valves for rapid sealing upon removal of the needle or temperature probe. A second plug was developed with a ½" NPT housing that would allow pressure & temperature readings using a bi-metal thermometer. Pete strengthened his original design with a simple but important feature of a rubber strap to keep the plug cap attached to the plug body for easier and longer use out in the field. The Pete's Plug® is offered in brass and stainless steel with norel and neoprene.

The Pete's Plug® is used by the Natural Gas & Hydronic Industries as well as in numerous other applications. Thank you in part to our wonderful sales representatives around the world, the sales of the Pete's Plug® are over 38 Million units in the last 54+ years and is the standard pressure or temperature test plug used by many companies and industries throughout the world.

Today, the Pete's Plug® and all Peterson Equipment Co., Inc.'s products are proudly manufactured by hand and produced in the United States of America. We meet *Buy American Act* standards.

Our plant is located in Houston, Texas in the Energy Corridor.

Pete's company is still a family owned and operated business, lead by two of his grandchildren, Amanda Lipscomb (President & CEO) and John Lipscomb (Chief Operations Officer). Their focus is continuing on the legacy of quality above all else, a lesson and standard their grandfather passed down to them.

# Pete's Plug® Brass Products - NPT

**Product: #100**  
**Core:** Neoprene  
**Thread:** 1/4" NPT  
**Length:** 1 1/2"

**Product: #110**  
**Core:** Nordel  
**Thread:** 1/4" NPT  
**Length:** 1 1/2"

**Product: #562**  
**Core:** Neoprene with  
 Buna-N O-Ring Sealant  
**Thread:** 9/16" NPT  
**Length:** 1 1/2"

**Product: #572**  
**Core:** Nordel with  
 Buna-N O-Ring Sealant  
**Thread:** 9/16" NPT  
**Length:** 1 1/2"

**Product: #750**  
**Core:** Neoprene with  
 Buna-N O-Ring Sealant  
**Thread:** 3/4" - 16 NPT  
**Length:** 1 1/2"

**Product: #760**  
**Core:** Nordel with  
 Buna-N O-Ring Sealant  
**Thread:** 3/4" - 16 NPT  
**Length:** 1 1/2"

**Product: #100XL**  
**Core:** Neoprene  
**Thread:** 1/4" NPT  
**Length:** 3"

**Product: #110XL**  
**Core:** Nordel  
**Thread:** 1/4" NPT  
**Length:** 3"

**Product: #700**  
**Core:** Neoprene  
**Thread:** 1/2" NPT  
**Length:** 1 1/2"

**Product: #710**  
**Core:** Nordel  
**Thread:** 1/2" NPT  
**Length:** 1 1/2"

**Product: #900**  
**Core:** Neoprene  
**Thread:** 1/4" NPT  
**Length:** 1 1/5"

**Product: #910**  
**Core:** Nordel  
**Thread:** 1/4" NPT  
**Length:** 1 1/5"

**Product: #300**  
**Core:** Neoprene  
**Thread:** 3/8" NPT  
**Length:** 1 1/2"

**Product: #310**  
**Core:** Nordel  
**Thread:** 3/8" NPT  
**Length:** 1 1/2"

**Product: #700XL**  
**Core:** Neoprene  
**Thread:** 1/2" NPT  
**Length:** 3"

**Product: #710XL**  
**Core:** Nordel  
**Thread:** 1/2" NPT  
**Length:** 3"

**Product: #12500**  
**Core:** Neoprene  
**Thread:** 1/8" NPT  
**Length:** 1 1/4"

**Product: #12510**  
**Core:** Nordel  
**Thread:** 1/8" NPT  
**Length:** 1 1/4"

**COMING SOON**

## Stainless Steel Products

*Proudly Offering 316 Grade: Food Grade Safe*

**Product: #400**  
**Core: Neoprene**  
**Thread: 1/4" NPT**  
**Length: 1 1/2"**

**Product: #410**  
**Core: Nordel**  
**Thread: 1/4" NPT**  
**Length: 1 1/2"**

**Product: #800**  
**Core: Neoprene**  
**Thread: 1/2" NPT**  
**Length: 1 1/2"**

**Product: #810**  
**Core: Nordel**  
**Thread: 1/2" NPT**  
**Length: 1 1/2"**

## BSPT Products

**Product: #100BSP**  
**Core: Neoprene**  
**Thread: 1/4" BSP**  
**Length: 1 1/2"**

**COMING SOON**

**Product: #110BSP**  
**Core: Neoprene**  
**Thread: 1/4" BSP**  
**Length: 1 1/2"**

## EZ-Port Test Valves

**Product: #200**  
**Core: Neoprene**  
**Thread: .570" 5/8-18 UNF-2A**  
**Length: 1.06"**

**Product: #210**  
**Core: Nordel**  
**Thread: .570" 5/8-18 UNF-2A**  
**Length: 1.06"**

# Pete's Plug®

## Gauge Adapters - 1/4" NPTF

**Product: #500**  
Brass Gauge Adapter  
with 1/8" Probe

**Product: #500XL**  
Brass Gauge Adapter with  
1/8" Probe for XL Plugs

**Product: #510**  
Brass Gauge Adapter  
with 1/16" Probe

**Product: #510S**  
Brass Gauge Adapter  
with 1/16" Probe

**Product: #520**  
Stainless Steel Gauge  
Adapter with 1/8" Probe

**COMING SOON**

**Product: #520XL**  
Stainless Steel Gauge  
Adapter with 1/8" Probe  
for XL Stainless Steel Plugs

## Pressure & Temperature Test Kits

**Product: #1500**  
0-100psi

**Included in Kit:**

- Pressure Gauge
- Thermometer #601
- Thermometer #603
- #500 - 2 Quantity
- Test Kit Case

**Product: #1500XL**  
0-100psi for XL Pete's Plugs®

**Included in Kit:**

- Pressure Gauge
- Thermometer #601
- Thermometer #603
- #500XL - 1 Quantity
- Test Kit Case

**Product: #1500 BSP**  
0-100psi

**Included in Kit:**

- BSPT Pressure Gauge
- Thermometer #601
- Thermometer #603
- #500BSP - 2 Quantity
- Test Kit Case

**Product: #1400 Stainless Steel**  
0-100psi

**Included in Kit:**

- NPT Pressure Gauge
- Thermometer #601
- Thermometer #603
- #400 & #800
- Test Kit Case

# Pete's Plug® Thermometers

**Product: #600**  
-40 to 160 Degrees Fahrenheit  
with a 1 3/4" Dial Face  
**Stem Diameter: .156"**

**Product: #601**  
25 to 125 Degrees Fahrenheit  
with a 1 3/4" Dial Face  
**Stem Diameter: .156"**

**Product: #603**  
0 to 220 Degrees Fahrenheit  
with a 1 3/4" Dial Face  
**Stem Diameter: .156"**

**Product: #606**  
-58 to 550 Degrees Fahrenheit  
with a Digital Display  
**Stem Diameter: .156"**

# Accessories

**Product: #104-1BS**  
Cap Assembly with a  
Black Neoprene  
Gasket & Blue Strap

**Product: #104-1YS**  
Cap Assembly with a  
Red Nordel Gasket &  
Yellow Strap

**Product: #1600**  
One Quart Oiler  
and Spout plus  
Hose Assembly

**Product: #1600S**  
Oiler Spout  
Hose Only

**Product:** Pressure Gauge  
0 - 100 PSI  
3 1/2" Dial  
**Stem Diameter: 1/4" NPT**

**Product:** Pressure Gauge -BSPT  
0 - 100 PSI  
3 1/2" Dial  
**Stem Diameter: 1/4" BSPT**

Our authorized sales representatives have been working with Peterson Equipment Co., Inc. for decades.

They are fantastic and ready to provide you with superior service to get you Pete's Plugs® right away to keep your project on schedule with the highest quality, original temperature and pressure self-sealing test valves, pressure gauge adapters, test kits, and accessory products.

For further assistance, please contact our direct team at [Sales@PetesPlug.com](mailto:Sales@PetesPlug.com) or call or text 281-646-9100.

Thank you for taking us all over the universe!

Since 1969, well over 38 million Pete's Plugs® have been sold & used worldwide.

From Hospital Clean Rooms  
to Gas Meters  
to Rocket Ships.

Our gratitude for our customers and sales representatives is endless.

*Thank you*

*Proudly*
